## SHINGLE TO WASHINGTON IN A HURRY

Off on Steamer Korea to Take Up Federal Building Site with Treasury Officials

### FOR MAHUKA FIRST, THEN SPRECKELS SITE

Will Learn Attitude of Department and Congress and Refer Facts for Decision

Rushing to Washington to take up with the treasury department officials and others at the capital the matter of Honolulu's federal building site, Robert W. Shingle, president of the Henry Waterhouse Trust Company, left for the mainland on the Korea this morning. He is accompanied by Mrs. Shingle and they expect to reach the capital within 12 or 13 days.

Mr. Shingle goes to urge upon administration officials the necessity for speedy action to give Honolulu the long-needed and long-discussed federal building.

He will advocate first the Mahuka site and if he finds that there is no chance for this site, he will then advocate the Spreckels site. He goes to Washington with the Spreckels site "in his pocket," as he speaks, in such a form that it amounts practically to an option. The figure, it may be stated on good authority, is far below what the Mahuka site will cost.

What Mr. Shingle learns in Washington, the attitude of the department officials and Congress, and the probabilities and possibilities, will be placed before the community, interested parties and the commercial bodies.

Shingle was booked for the Ventura, leaving here next Friday, but by speeding up his arrangements was able to take the Korea. News of his mission became public yesterday afternoon and furnished the theme for much discussion. Before sailing this morning, he confirmed the report that he is going on Mahuka site business.

To Meet Spreckels.

In San Francisco he will meet Rudolph Spreckels, an appointment having been made by cable, and talk over matters with him. He does not expect to stay in the coast city more than two days. Negotiations with the Spreckels interests have been under way for some two months and it is not expected that there will be much more discussion needed to close up the Spreckels site proposition in such form that it can be presented to Washington as a concrete program in case the Mahuka site proves unavailable.

At the Waterhouse Trust Company this morning the matter was discussed frankly. F. E. Steere, head of the real estate department and who has been prominent in the various negotiations, said that the entire community is interested and will know just what Mr. Shingle is able to accomplish.

"We believe we should stick by the Mahuka site, we have always been for it and are still," he said. "At the same time, with the recent developments, and in view of the attitude taken toward the condemnation awards, there is a prospect of delay

## BEST TARGET RECORD FOR COAST ARTILLERY MADE AT KAMEHAMEHA

Of the 170 companies of coast artillery in the United States army, the 68th and 143rd, stationed at Fort Kamehameha, have been found the most proficient in the target practice of 1913, and to them has been awarded the Knox coast artillery trophy, given each year to the companies manning the battery that makes the best record. The 68th company is commanded by Capt. G. A. Taylor, and the 143rd at the time of firing by Capt. H. J. Hatch. Major Frank Coe was fire commander when the record was made.

The splendid work done by Battery Hasbrouck, the battery of quick-loading mortars at the Pearl Harbor artillery post, was the subject of much local commendation at the time, and it was thought that the battery had a good chance of being first when the percentages were computed. The other coast defense guns and mortars of Oahu also did well, according to the official figures. Battery Hasbrouck's record was 10 hits out of a possible 20 for the first practice, and 14 out of 20 for the second, at about 10,000 yards range.

The Knox trophy is the gift of the society of the Sons of the Revolution in Massachusetts. It consists of two shields, mounted on a frame 2 feet 11 inches by 2 feet 3 inches, the whole weighing 25 pounds. One medallion is a relief portrait of Henry Knox, father of American artillery, and the other depicts Concord.

## MARSHALL TRIAL TO BE FINISHED WITHIN WEEK

Madam Puahi and Hula Girls Give Testimony Regarding Fatal Shooting

### DETAILS OF AFFAIR RECITED FOR JURY

Thompson Objects to Questions—Claims Effort at Impeachment

The murder trial of John William Marshall, held for the fatal shooting of Charles R. Guertler at Madam Puahi's hula house August 10 last, may be finished this week. The taking of testimony progressed rapidly today and it is now thought that at the present rate the case may be concluded in three or four days more.

Madam Puahi and three of her hula girls, called by the prosecution, occu-

John W. Marshall, on trial for shooting of Charles R. Guertler.

pled the witness stand today in Circuit Judge Robinson's court, the mistress holding the stand for more than an hour on cross and redirect examination, and the girls giving their entire testimony in the remaining time to 12:30 o'clock, when court adjourned for the day.

Questions piled by City and County Attorney Cathcart, representing the prosecution, to Madam Puahi and Mary Lai, one of the hula girls, were

## FRIEDMANN NOT A HUMBUG, INSISTS DR. J. SAUTNER

Prominent Biologist and Scientist Visiting Honolulu Upholds German Physician

"The Doctor Friedmann serum treatment for tuberculosis is not all a humbug. I believe it has the elements of a very great and important discovery, but it was announced too prematurely—it has not yet been fully worked out."

This statement was made this morning by Dr. J. Sautner, a biologist of some prominence in the scientific world, who is connected with the Pasteur Institute of Paris, and who is a stopover passenger in Honolulu en route to Japan. Doctor Sautner comes direct from the Rockefeller Institute, New York, where for 14 months past he has been engaged in biological work, and it was while in New York that he came in touch with the German scientist and worked for some time in close association with him. He is strongly inclined to believe that something of much value will yet come from Doctor Friedmann's discovery.

Mr. Sautner arrived yesterday by the Sonoma, and stopped off to get a glimpse of the islands pending the arrival of the Shinyo Maru on the 27th. He is en route to join the Pasteur Institute sub-station at Nikko, Japan, where he will spend about six months and then return to France. He is a specialist in the diseases, cholera, typhus and syphilis.

Dr. Sautner was a fellow passenger from San Francisco of Miss Fay Milburn of Washington, who yesterday afternoon became the bride of Lieut. Roland L. Gaugler, of the 4th Cavalry, stationed at Schofield Barracks, and acted as best man at the ceremony.

## CARNIVAL WILL BREAK EVEN ON 1914 EXPENSES

No Assessment To Be Made on Stock, According to Statement of Treas. Lowrey

### ACCOUNTS ALMOST ALL CHECKED—MANY PAID

Small Surplus Expected After All Costs of the Recent Event Are Cleared

No assessment of the stock of the Mid-Pacific Carnival will be necessary to meet the expenses of the last Carnival. According to statements made this morning by Treasurer S. M. Lowrey, the company will just about break even when the last of the bills are paid. There will be but little surplus, if any, but it is pretty certain now that there will not be a deficit.

"The accounts against the Carnival," said Mr. Lowrey, "have been very carefully gone over—and there were a lot of them—and most, have already been paid. There are still a few that need further investigation, and a number that cannot be paid until approved by Director-general Dougherty, who is now on the Coast, and will not be back until the latter part of the month."

"We still have to collect from several of the other islands for the outlay in connection with their princesses, and it has only just been possible to get the bills in shape to present. But we are in position to see daylight ahead now, and I do not think it will be necessary to call for further assessment this year."

The annual meeting of the shareholders of the Carnival company is held in April, and the meeting will be called as early in the month as it is possible to complete the financial statement.

At the April meeting the directors who will have the burden of financing and outlining the scope of the next Carnival and of appointing a director-general, will be elected. It is possible that the new directors will be obliged to call an assessment on the stock, although a good deal of the preliminary expense of this year will be avoided, and the assessment may be a light one.

## ASSOCIATED CHARITIES ADOPTS NEW CHARTER AND BY-LAWS AND WILL BE INCORPORATED—CAPITAL \$500,000

Following are the objects of the Associated Charities of Hawaii as outlined in the new charter of the organization:

1. To secure concurrent and harmonious action of the different charitable and benevolent societies of Hawaii.
2. To prevent children from growing up as paupers.
3. To encourage thrift, self-dependence and industry through friendly intercourse, advice and sympathy, and to help the poor to help themselves.
4. To raise the needy above the need of relief, and to prevent begging.
5. To provide that the case of every application for relief shall be thoroughly investigated.
6. To place the results of each investigation at the disposal of charitable societies, and agencies locally organized.
7. To provide employment.
8. To ascertain causes and remedies for conditions calling for assistance or relief.
9. To suggest legislation.
10. To stimulate charitable activities.

A new charter and by-laws, the former setting forth the foregoing objects, were accepted yesterday afternoon at a meeting of the members of the Associated Charities. As a result, the organization will become a corporation with a capital not to exceed \$500,000, and when this project is completed, will be known as the Associated Charities of Hawaii.

The action of the members of the charities in voting to incorporate is, perhaps, a direct outgrowth of the business of the last annual meeting, at which time a resolution was introduced and accepted providing for an extensive enlargement of the policy of the Associated Charities. At a recent meeting of the members of the organization the matter of a new charter and by-laws was taken up, and after some discussion, was referred to the directors for their consideration. The directors, in turn, referred the matter to the executive committee.

The executive committee appointed a committee to draft a charter and by-laws, consisting of Sanford B. Dole, chairman; Mrs. F. W. Macfarlane and Bishop H. B. Restarick. A. Lewis, president, and W. S. Bowen, manager

## SITE SELECTED FOR HAWAII FAIR BUILDING—WOOD

Cablegram from Chairman Says Structural Arrangements Also Made

### NEWS FROM H. P. WOOD WELL RECEIVED HERE

Gov. Pinkham Pleased with the Work for Panama-Pacific Exposition Display

Site now selected. Building arranged for.

WOOD.

Site No. 1 selected. Building arranged for. Leave by Manoa.

WOOD.

The foregoing cablegrams, the first to the governor and the second to the Hawaii fair commission, received this morning from Chairman H. P. Wood of the commission, have caused satisfaction in various quarters.

The site selected, according to arrangements made before Chairman Wood left for the coast two weeks ago, is site No. 1 in a series of three discussed by the commission. No. 1, as shown on a ground sketch of the exposition grounds, is a particularly fine position. It is the first building site on the right of the Fine Arts building. It is just between the Fine Arts building and the California building. On the lower side are the Food Products and the Education palaces, and there is a large plaza between this and the Fine Arts building.

The Hawaii building will occupy a much more advantageous site than that of any of the states whose lots have been picked. It is almost in the center of the series of sites and in such a position that it can not but attract the attention of all visitors.

Sidney Jordan, acting secretary of the Promotion Committee, called on Governor Pinkham this morning to show him the site selected.

The governor expressed himself as much pleased with the new site. In view of the cablegram it is presumed that the building will be on such a scale that the entire display of the territory will cost no more than the \$100,000 appropriation limit.

pro tem, of the association, worked in cooperation with the committee in its work. A new charter and by-laws were drawn up and, following a revision by the executive committee, were presented in complete form at the meeting yesterday. The members voted in favor of both, and by another vote, recommended that the organization incorporate under the new articles. Steps are to be taken at once to carry out the project of incorporation.

The new by-laws were completed only after exhaustive comparison and consideration by the committee. They form a combination of sections of the former by-laws, and of sections of the charter of the Cleveland, Ohio, Associated Charities. One or two new clauses have been added, one stating that there shall be three classes of

(Continued on page four)

## CENTENARY OF THE THIRD KAMEHAMEHA FOR THIS AFTERNOON

Promptly at 4 o'clock this afternoon, the ceremonies in observance of the 100th anniversary of the birth of Kamehameha III, including the unveiling of a handsome Hawaiian lava tablet to his memory, will be conducted at the Kawaiahae church under the auspices of the Daughters of Hawaii. Prior to the ceremonies, the Hawaiian band will give a concert, commencing at 3:30 o'clock. The program, which has been prepared with the utmost care, will be as follows:

1. Hymn, "How Firm a Foundation."
2. Invocation—The Rev. Henry K. Poepe.
3. Kolihoua, genealogical chants.
4. Unveiling of the Tablet—Her Majesty Queen Liliuokalani and High Chiefess Elizabeth Kekaunani Pratt.
5. Kolihoua, ancestral chant.
6. Address in Hawaiian—Judge A. Mahauli; English, Rev. Wm. B. Oleson.
7. Kamehameha and Pauahi songs—Kamehameha Schools.
8. Hawaii Poni.
9. Benediction—Rev. Henry Parker.

## CHINESE BALL TEAM HELD UP ON THE COAST

A. P. Taylor, Backed by Delegate Kuhio, Gets Busy and Aids Sam Hop et al

### AGGREGATION ORDERED OVER TO ANGEL ISLAND

Four Members Had Been Affiliated with Natl. Guard—But One Was Ever in China

[Special Star-Bulletin Correspondence]

SAN FRANCISCO, Cal., Mar. 11.—Put for the intercession of A. P. Taylor, director of the Hawaii Promotion Committee at San Francisco, the entire aggregation of members of the Chinese baseball team which arrived today on the Honolulu would have been subjected to the indignity of an enforced exile of 24 hours on Angel Island, the United States immigration depot. When the Honolulu entered the harbor it was not boarded by a Chinese immigration inspector. The leading officer of the department said he had no authority to pass on the players.

When the boat arrived alongside the Matson dock, the ball players were in anything but a cheerful mood, inasmuch as on the two former occasions of their visits to the United States mainland they had been passed immediately.

Instructions were sent ashore and the Matson officials secured a launch in which the young men were to be sent across the bay to Angel Island, detention port for coolies.

Mr. Taylor was on the dock to meet the steamer, and to him Sam Hop and the players appealed to aid them out of their predicament.

Taylor immediately telephoned to Angel Island, but was informed that none of the officials had arrived from the city. He told the man at the end of the telephone that it was very important that he be put into instant touch with some official. He was thereupon switched to the San Francisco office. Taylor explained that an outrage was about to be committed upon American citizens, voters and members of the national guard of Hawaii, and that he proposed to hold the men on the dock until some official "higher-up" was appealed to.

He also stated that Delegate Kalaianale, the delegate to Congress from Hawaii, was on the wharf and that if necessary a telegram would be sent to the treasury department at Washington inquiring why, with the force of immigration inspectors in San Francisco, none boarded the Honolulu, or why the boarding officer shook all responsibility by ordering the ball players to Angel Island. Delegate Kuhio was communicated with and waited on the wharf for the development of proceedings. Then the official at the office stated that the Chinese inspector would be sent to the wharf, and asked Taylor to detain the officer in charge of the Chinese

## LIEUT. F. M. ANDREWS WEDS IN WASHINGTON

Lieut. F. M. Andrews

Lieut. Frank M. Andrews, 2nd Cavalry, and Miss Jeanette Allen, daughter of Lieut.-Col. Henry T. Allen, of the general staff, were married in Washington yesterday. This news reached General Macomb this morning in a cable from Lieutenant Andrews.

For two years and a half Lieutenant Andrews was aide to General Macomb in this city and during that time he made many friends who will be glad to learn of his recent good fortune. Last summer the young officer became a "Manchu," and joined the 2nd Cavalry on the Mexican border, into which regiment he was promoted as 1st lieutenant in November, 1912. Lieutenant Andrews is a native of Tennessee. He graduated from West Point in 1906, and was appointed to the 8th Cavalry.

## BRITAIN DETERMINED KEEP NAVAL SUPREMACY ESTIMATES SHOW BIG

Winston Churchill, in Announcing Figures for Year, Says Policy Is to Complete Eight Battleship Squadrons While Germany Is Completing Five—Refers to Probable Renewal of Anglo-Japanese Alliance

[Associated Press Cable]

LONDON, Eng., March 17.—Winston Churchill, first lord of the admiralty, in introducing the naval estimates bill, showing demands for \$257,750,000, declared in parliament today that while this shows an increase of \$13,700,000 over last year's estimates, next year's figure will probably be smaller.

The reduction for next year, he explained, is because German naval construction has been delayed by the difficulty of manning the vessels.

He reiterated that British policy is to complete eight battleship squadrons while Germany is finishing five.

The increase, he further explained, is largely due to the plans for changing from coal to oil as fuel for the vessels and of establishing a flying squadron.

He praised Australia and New Zealand's contributions of dreadnoughts to British naval strength and naval defense and expressed the hope that Canada will follow suit. He added that the British-Japanese alliance will be renewed in 1921, and remarked "it is not to be expected that Japan will less need a powerful friend at the other end of the world at that date than today. Our naval strength is one of the great balancing forces for our own safety and the peace of the world. Causes which might lead to general war have not been removed. The world is arming as never before. All attempts at arresting this movement have been ineffectual."

## Wellesley College Girls, Cool and Disciplined, Avert Death at Disastrous Dormitory Fire

[Associated Press Cable]

WELLESLEY, Mass., Mar. 17.—Coolness, self-control and discipline on the part of 300 girl students of Wellesley College averted what might have been a fire of terrific fatality early this morning when Wellesley College hall was burned. The girls fled to safety by means of fire escapes. The loss is set at \$1,500,000 and is disastrous to the entire college.

Because of the conflagration college has been suspended. The fire originated on the top floor, and is supposed to be of spontaneous origin. The girls did not lose their heads. Miss Charlotte Donnell sounded the alarm and Miss Virginia Moffett pounded upon the doors of the bedrooms, awakening the sleepers one by one. A volunteer fire brigade was formed and so carefully was all the work done that it has been assured that none of the girls was overlooked.

## Cabinet Reorganization to Follow Scandal in France

[Associated Press Cable]

PARIS, France, March 17.—Sensation after sensation was caused in official circles in Paris today, as aftermaths to the shooting of Gaston Calmette. A young woman singer assaulted Victor Augagneur, vice-president of the chamber of deputies, when he was about to open the chamber formally. The girl was arrested but later released by the police. The motive for her act is unknown.

M. Augagneur presided calmly, though the session was threatened with storm because of the disorder in the affairs of the ministry. Caillaux, who has been minister of finance, appeared at his office and disposed of his personal affairs, after which he resigned, weeping. The remainder of the ministry has accepted reorganized portfolios, as announced today.

The private papers of Gaston Calmette, the publisher of the Figaro who was shot by Madame Caillaux, were seized by the police today, following Caillaux's death last night. These papers include the letters of Madame Caillaux to Caillaux while she was the wife of Leo Claretie. It is understood that Calmette intended publishing these letters and that, as a result of the revelations of scandal, the fall of the government was feared.

Not only in official circles, but all Paris, there is intense excitement and curiosity as to the now unknown facts which can only be guessed at.

## Unemployed on Coast Plan to Start a Real Revolution

[Associated Press Cable]

SACRAMENTO, Cal., Mar. 17.—Startling revelations of plans brewing to start a revolution, made by the leaders of the "army of the unemployed" throughout the country, have been detailed in a report made by Lieutenant Grimes of the national guard to Adjutant-general Forbes of California. The report is made as the result of investigations by the guardmen ordered to preserve peace in the local unemployed camps.

Lieutenant Grimes tramped some time with the army that has started to Washington. He says the leaders unfolded a scheme to mobilize in Chicago and seize the Rock Island arsenal, commander trains and invade Washington. There, according to Grimes, they intend to demand the dissolution of Congress and establish an independent state for the unemployed. The "army" is already rapidly dispersing.

## Villa Marches to Take Torreón

[Associated Press Cable]

CHIHUAHUA, Mex., Mar. 17.—It is understood here that Gen. Pancho Villa left Chihuahua at dawn to proceed with his forces against Torreón.

FORT WORTH, Tex., Mar. 17.—Writs of habeas corpus have been granted by the federal court to 5000 Mexican federal soldiers and their camp-followers and relatives, who have been held at Fort Bliss. They were arrested after the battles of Ojinaga, when they crossed the river to American soil and were taken for technical violation of the neutrality laws.

## Dynamiters now Ask Pardons

[Associated Press Cable]

WASHINGTON, D. C., Mar. 17.—Eighteen of the labor leaders convicted for criminal conspiracy in connection with the union dynamiting cases, have applied to President Wilson for pardons, alleging that the trial judge was unfair.

## Chinese Brigand Again Victor

[Associated Press Cable]

PEKING, China, Mar. 17.—The famous Chinese brigand White Wolf, who sacked the city of Laohokow, killing 1500 people, has defeated the government troops sent out to surround and capture him.

## Harlan Heads Commission

[Associated Press Cable]

WASHINGTON, D. C., Mar. 17.—James S. Harlan, interstate commerce commissioner, was today named as chairman of the commission, succeeding Edgar E. Clark.
